

All our products have been evaluated from the source of the raw materials used in their production. There are no raw materials, including additives, used that have origins in, or contain any products to be internationally recognized and regulated as known allergens. Based on this examination of the ingredients and their source, these products are free of all known allergy stimulating food substances as specified in Regulation Number 1169/2011

Date Issued: 14/01/2016

Only Chemicals and physical processes are employed, and none of the raw materials for these products are derived from Genetically Modified Organisms (**GMO**) or biologically altered species, nor could the products come in contact with such species in storage, packaging or transit.

TSE / BSE STATEMENT

All Cargo Oil products are manufactured wholly from synthetic or manufactured materials and do not contain any raw materials produced from, or substances derived of animal origins. Moreover these products are not derived from specific risk materials as defined in European Commission Decision 97/534/EC.

The manufacturing process does not use any ingredients of animal origin nor do our products come in contact with animal products during storage and transportation.

We further declare that our products are free from dioxin.

All products produced by Cargo Oil Ab are free from Transmissible Spongiform Encephalopathy (**TSE**) and Bovine Spongiform Encephalopathy (**BSE**)
